	3 Out of the total increase of Rs 5795/- proposed, Rs 1257- are for furniture and apparatus for the newly opened printing class in the Chamarajpatna School, and 120/- for Scholarships in the same School for the reasons explained in paras (e) & (f) of the Dy Sp's letter these increases may be sanctioned
	4 As regards the other items, it will be seen that they are all for providing increases of pay to Masters, Instructors, Peons, Watchmen &c and I think these may be deferred for the same reasons as those mentioned last year (para 6 of office notes in file 296-10) viz, that the re-organisation and improvement of Industrial Schools are separately under the consideration of Govt

18 I think that all the proposals may well be sanctioned if the only principle applied in every case in which any slight increase of emolument is asked for, is that it should not be given, I am afraid that some of our low paid but efficient men will soon leave the service or lose all interest in work However I shall agree to such reductions as the Dewan Considers necessary

No 6920 / 497

Bangalore 28th February *1912*

From

The *Inspector General of Education in Mysore*

To

C S Balasundaram Iyer, Esq , B A ,
Offg Secretary to the Government of H H the Maharaja
of Mysore, General and Revenue Departments, Bangalore

SIR

I have the honour to submit herewith the following proposals for additional charges required for the Industrial Schools at Channapatna and Hole-Narsipur for 1912-13

I Industrial School, Channapatna -

(a) The Writer and Store-keeper of the school is getting Rs 12/- a month at present He is reported to be doing good work The Superintendent says that the pay is very low considering the responsibility and heavy work entrusted to him and it is not sufficiently attractive to induce a man to remain in the place The Superintendent recommends that the pay may be raised from Rs 12/- to Rs 15/- a month

(b) The Carpentry Instructor of the school is a half time teacher and his pay is Rs 15/- a month It is reported that in the interest of the Institution, it is quite necessary to appoint

a whole time Carpentry Instructor on a salary of Rs 22½ a month An increase of pay from Rs 15/- to Rs 20/- a month to the Carpentry Maistri was recommended last year, but it was not sanctioned by Government

(c) In consideration of the heavy and responsible work of the peon and the watchman of the school, an increase of Re 1/- to the pay of each (namely Rs 6/-) was recommended last year, but it was not sanctioned This is again urged upon by the Superintendent

(d) The Superintendent reports that from the sanitary point of view, the appointment of a scavenger on Rs 3/- a month is a very urgent necessity, as the school is held in the new Government building

(e) The provision for scholarships to students is at present Rs 40/- a month This amount is considered quite insufficient for an Industrial School like Channapatna where different industries are taught An increase in the amount of scholarship is reported to enhance the scope of the working of the school This School is in no way smaller and less important than the Weaving Schools at Doddballapur, Chiknaikanhalli and Molakalmuru, which are given Rs 50/- each per mensem for scholarships

(f) A sum of Rs 425/- is required for equiping the drawing and painting class newly opened To purchase certain articles required urgently, a sum of Rs 300/- was sanctioned by Government Order No

No 5255-6/Edn 187-11-2 dated 1st February 1912 by reappropriation of grants in the current year's budget A balance of Rs 125/- is required in the next year's budget

II Carpentry School, Hole-Narsipur -

(a) There is only one peon on Rs 6/- a month in the School The necessity of a watchman in addition to the peon is very keenly felt, especially during the plague season when the school is held in a shed outside the town and the property of the school is to be guarded safely

(b) The pay of the Carpentry Maistri is Rs 20/- a month The present Maistri is a man of higher qualifications and is reported to have done very good work He has been training students for the Madras Technical Examinations with success An increase of pay from Rs 20/- to Rs 25/- was recommended last year but it was not sanctioned Such professional men are not likely to stay long if sufficient encouragement be not given to them

A statement showing the increases etc , is herewith submitted I recommend that the total increase of Rs 575/- be sanctioned and included in the next year's budget

I have the honour to be,

S i r,

Your most obedient servant,

Assistant to the Inspector General

For Inspector General
